

Piper PA46 350P Malibu Mirage

499,000.00 EUR

Aviation Sales International are proud to present this Piper PA46 350P Malibu Mirage.

The Malibu Mirage will cruise beautifully at FL200 doing 200kt TAS and consume 16 GPH.

This will take you in pressurized comfort above most weather. If required, it will climb up to FL250 and cruise up to 210kt TAS at higher power settings or give you an endurance of over 8 hours still at 170kt TAS which results in a zero-fuel range of over 1600NM.

Convective weather can be avoided with on board radar, additional Stormscope.

It is equipped with full FIKI de-ice gear including pneumatic boots, heated stall vane and a heated propeller. The

1950kg MTOW and the noise reduced propeller mean the Malibu Mirage will not pay Eurocontrol airway fees and low landing fees at most airports.

Engine TIO-540-AE2A, 350hp at 2500rpm
240h since TOP overhaul 02/2021 by Motor Dachsel Germany
New Turbos, Vacuum, Starter, Overhauled Magnets,
New Fine Wire Sparkplugs
(almost everything overhauled Firewall forward)
TBO 2000h: 800 h remaining
Propeller MT-Propeller MTV-14- B/195-30b
Electrically de-iced composite four blade propeller
Factory new 01/2016
TBO 2400h or 6 years
With the MTV-14 propeller the aircraft has a noise rating
at 77,6 dBA which means it is certified for the best
noise category "Erhöhter Lärmschutz" in Germany

Optional equipment
140 USG long range fuel tanks
NEW Heated Glass Window (Pilot side)
NEW Side Window (Pilot side, no need for crack inspection)
